

Shape the Future of Your Region's Bioeconomy

Join the Exchange!

The BIO2REG Exchange brings together regions facing challenges such as transforming agriculture, building bio-based industries, or setting up living labs or research infrastructures.

Through site visits, mentoring, and workshops, regions receive tailored support to co-design practical roadmaps for their bioeconomy transition.

Why join?

- Get access to tailored tools and expert mentoring
- Learn from peers across Europe who are advancing their bioeconomy transition
- Co-design practical roadmaps for your region's challenges and conditions – be it value chains, governance, living labs, education, or others
- Connect with others in your bioeconomy journey and build lasting alliances

Travel funding available!

Funded by
the European Union

Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Research Executive Agency (REA). Neither the European Union nor REA can be held responsible for them.

Who can apply?

Regions facing transition challenges in sectors like coal, agriculture, fisheries, forestry, or other GHG-intensive industries

Regions interested or advanced in bioeconomy strategies, infrastructures, and strong cross-sector collaboration

Regional stakeholders such as authorities, development agencies, research, SMEs or industry

Application deadline: November 13, 2025. Applicants must be members of the BIO2REG Network, which is free to join.

Join the BIO2REG Network and apply today!

About the BIO2REG project

BIO2REG supports greenhouse gas-intensive European regions in becoming bioeconomy model regions. We offer travel funds and support services and tools, including guided exchanges, mentoring programmes, field visits, best practice mapping, and consultations on tailored action plans.
